

Filipinos in Hawaii: A Bibliography 1977-1990

Alice W. Mak

This bibliography updates two earlier compilations on Filipinos in Hawaii. They are:

The Filipinos in Hawaii: An Annotated Bibliography, by Ruben R. Alcantara et al. Honolulu: Social Sciences and Linguistics Institute, University of Hawaii, 1977. 152 p.

Filipinos Overseas: A Bibliography, by Shiro Saito. New York: The Center for Migration Studies of New York, Inc., 1977. 156 p. (The chapter, "Destination of Migration: Hawaii," has over 500 entries.)

This multidisciplinary listing includes materials which were published, for the most part, since 1977 and were identified in the resources of the University of Hawaii Library at Manoa. Excluded from this list are newspaper articles and government documents.

To find newspaper articles the following should be consulted:

Index to the Honolulu Advertiser and Honolulu Star-Bulletin. Honolulu: Office of Library Services of Hawaii. 1929/67 - . (The current index is available online from the Hawaii State Catalog.)

The Garden Island Index: 1971-1980: A Subject, Author, and Photographer Index to Selected Articles in the Garden Island, edited by Catherine Lo et al. Lihue: Kauai Library Association. 312 p.

The Index to the Maui News 1900-1932, compiled and edited by Gail Bartholomew. Wailuku: Maui Historical Society, 1985. 265 p.

The Hawaii Island Newspaper Index: An Index to News of the Island of Hawaii As Reported in the Hawaii Tribune-Herald, The Honolulu Advertiser, The Honolulu Star-Bulletin, edited by Junko I. Nowaki et al. Hilo: Edwin H. Mookini Library, University of Hawaii at Hilo, 1984 - .

State of Hawaii documents and documents from the four counties are listed and indexed in:

Hawaii Documents. Honolulu: Hawaii Documents Center, Hawaii State Library, Office of Library Services, Dept. of Education, State of Hawaii. 1967 - .

Citations found in the "Annual Selected Bibliography" published in *Amerasia Journal*, a publication of the Asian American Studies Center, University of California, Los Angeles, formed the core of this bibliography. The "Annual Selected Bibliography" has been a regular feature of the journal since 1977. It lists books, articles, dissertations, literary works, and government documents. Until the 1986/87 issue, the bibliography was arranged by ethnic groups. Since then, however, the bibliography was changed to a subject arrangement. The compilers of the bibliography use computer searches, as well as manual searches through indexing and abstracting services and periodicals not included in computerized indexing services, making for a rather comprehensive listing.

Master's theses and doctoral dissertations completed at the University of Hawaii were found in the following:

The Philippines and Filipinos in Hawaii: A List of Dissertations and Master's Theses at the University of Hawaii at Manoa, 1934/1982, prepared by the Philippine Studies Program, Center for Asian and Pacific Studies, University of Hawaii at Manoa. Honolulu: The Program, 1982. 7 leaves.

Dissertations and Theses, University of Hawaii at Manoa. Honolulu: Hawaiian and Pacific Collections, University of Hawaii Library. 1974/75 - .

Most of the newspaper titles included in this bibliography were taken from:

Hawaii Newspapers: A Union List; prepared by Hawaii Newspaper Project; Sophia McMillen, cataloger; Nancy Morris, project manager. Honolulu: 1987. 122 leaves.

Hawaii Newspapers lists "all known extant newspapers published since 1834" for which copies are held by libraries and other institutions. For a listing of other known newspapers for which no copies were found see:

Inventory of Newspapers Published in Hawaii: Preliminary List. (This list is available from the Hawaii Newspaper Project. Inquiries should be made at the Reference Desk of the Hawaiian Collection, Hamilton Library, University of Hawaii at Manoa.)

The entries in this bibliography are listed alphabetically by the format of the materials. The first section lists books, articles, theses, dissertations, unpublished papers and documents; the second newspapers; the third periodicals; and the fourth audio-visual materials.
